Structure of SAPCC

Housing and Environment Department
Government of Madhya Pradesh
GoMP- UNDP Project on Strengthening of MP Climate Change Cell

Goal
- To integrate climate change concerns in various sectoral policy and programs

Objectives
- Developing MP Climate Change Cell into a Knowledge Management Centre
- Development of State Action Plan on Climate Change
- Mainstreaming of Climate Change Concern
- Capacity Building of related Departments
State Action Plan on Climate Change – Process

Stakeholders Consultations
- Departmental Consultations-10
- Regional (Agro-climatic Zone wise) -11

Policy Review of following Sectors
- Forests, Wild Life and Biodiversity
- Agriculture, Horticulture, Fisheries, A&H
- Water (Ground and surface water)
- Health (Human and Animal)
- Energy (Renewable/ Non Renewable)
- Industries
- Urban Development
- Rural Development
- NAPCC Mission Documents

Training and Capacity Building
- EPCO Core group on CC
- Departmental Nodal Officers on CC
Prioritization of state issues and activities

Formation of Advisory Group and Core Group

ACZ wise Stakeholder consultations

Capacity Building of EPCO Core Group

Sectoral Stakeholder consultations

Prioritization of state issues and activities

Formulation of SCCSAP by Core Group

Review of sectoral policy and programs

Finalization of SCCSAP by Advisory Group

Validation by the State Level Committee

✓ Water
✓ Forest and B.D.
✓ Rural Development
✓ Energy
✓ Health
✓ Urban Habitat
✓ NAP CC
✓ National Mission

Adoption of SCCSAP

Dissemination
Stakeholders

- Schools
- Colleges
- Universities
- Bilateral Multilateral Agencies
- Climate Change Related GoMP Departments
- Climate Change Related GoI Departments
- Research Academic Institutions
- Civil Society Organization
- Industries Association
- Press and Media
- Common Man
- Academic Institutions
- Stakeholders
Stakeholders and Their Expected Role

– Needs cross sectoral participation and support.
– Engagement of stakeholder Departments in the making of State Action Plan on Climate Change
– Constitution of Climate Change Unit in concerning departments
– Nomination of Senior level officers for Climate Change Related Activities within the Department to work in active coordination with Climate Change Cell in EPCO
– Sharing of Knowledge and Information
– Helping in setting meaningful targets.
Content - Probable Approaches

• Sectoral wise
  • Issues to be identified based on different sectors.
    – for eg – issues of agriculture, energy etc.

• Landscape or Agro Climatic Zone wise
  • Actions to be suggested on the basis of Issues to be identified based on different Agro Climatic Zone.
    – for eg – issues of Jhabua, Satpura Plateu etc.
Content

- GoMP - UNDP Project Document Proposed process and Structure of the SAPCC
- UNDP has also proposed a logical framework for SAPCC formulation which is based on **Territorial Approach**
- Consultation were held with institutions like
  - School of Planning and Agriculture (SPA),
  - Indian Institute of Forest Management (IIFM) and others.
- Brainstorming sessions were held with experts.
Selected Approach

• After much discussion and deliberation it was decided to have a balance between both the approaches.
• The plan will be developed Sector wise so that each department knows the issues that needs to be addressed.
• In each Sector Regional Priorities will be identified Agro Climatic Zone wise so that the actions to be implemented at ground level can be identified with ease.
• Thus positive things of both the approaches will be incorporated in the action plan.
• A draft structure has been attempted
Format of SAPCC

• Generalization – will act like an introduction to the subject and the area of concern.

• Sectoral Studies – it will be sub divided into two parts –
  – Sectoral issues – pointing out climate change issues in each sector.
  – Sectoral actions – pointing out actions to be taken to address these issues.

• Regional issues – this will provide issues and actions ACZ wise, also it will include case studies, success stories, best practices etc. relevant to the area.
Form of SAPCC

• The SAPCC document is planned to be released in three formats –
  – Main Document – this will be the complete document.
  – Technical summary – this will be a summary having technical details.
  – General summary – this will be a summary having the action points in an easy to understand language so that everybody can use the document with ease.
Stakeholders Consultation

Sectoral Workshops

ACZ Workshops

• Vindhya Plateau
• Malwa Plateau
• Gird
• Satpura Plateau
• Balaghat Plains
• Nimar Plains
• Jhabua Hills
• NHR of Chhattisgarh
• Narmada Valley
• Kymore Plateau
• Bundelkhand
