BRIEF REPORT ON CELEBRATION OF INTERNATIONAL TIGER DAY 2022

Introduction

International Tiger Day is held annually on July 29 to give worldwide attention to the reservation of tigers. It is both an awareness day as a celebration. It was founded at the Saint Petersburg Tiger Summit in 2010. This was done because at that moment wild tigers were too close to extinction. Many animal welfare organizations pledged to help these wonderful creatures and are still helping to raise funds to reach this goal. The goal of international tiger day is to promote the protection and expansion of the wild tiger's habitats and to gain support through awareness for tiger conservation.

National Museum of Natural History, New Delhi and its Regional Centers located at Mysuru, Bhopal, Bhubaneswar and Sawai Madhopur has organized various activities to create awareness among the school children.
